RE: PSCW Docket 137-CE-139: ATC's North Madison to Huiskamp Transmission Project

Judge Marion,

We are requesting full party status in the above mentioned matter. We object to the American Transmission Company's proposed North Madison to Huiskamp Transmission Project. The building of this and other lines ATC proposes for Dane County will affect the rates of all the County's citizens. ATC must not be allowed to proceed with the building of this line, and its consequent impact on rates, without an in-depth non-partisan need study for the County as a whole that is not funded and overseen by a for-profit company that may benefit from the findings.

We are requesting full party status in the above titled matter so as to assert our interest in the issues of the case. We will be directly affected by the PSCW decision regarding the ATC's North Madison to Huiskamp Transmission Project. Our interest will not be adequately represented by other parties. Please direct all correspondence on this matter to:

Sincerely,
